

insurance help: allergy shots

check with your insurance company

Checking your child's benefits with your insurance plan will help you better understand what you have to pay for allergy shots (immunotherapy). It is important to ask about the deductible, copay and coinsurance for each visit. Here are some things you may need when you talk to your insurance plan:

- Services are provided in an outpatient clinic setting
- Services are billed with the Dayton Children's Hospital Tax ID number 31-0672132
- The CPT codes we will bill to your insurance are: 95115, 95117 and 95165
- If you are interested in financial assistance options, go to childrensdayton.org and search "financial assistance."

Thank you for choosing Dayton Children's for your child's allergy/immunology care!

questions?

If you have any questions or need more information, please call us at 937-641-5130, option 3. Ask to speak to our clinic nursing staff.
